EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 4, 7, 10, 13, 16, and 18 are canceled.

2. The following is an examiner's statement of reasons for allowance: Claim 21 recites two tabletops hinged together each with a u-shaped support comprising a transverse support and two longitudinal supports. Also a transverse connecting member coupled to the longitudinal supports receives an end of the retaining frame of the table leg frame. The prior art of Glover teaches one transverse member that acts both as a transverse support and a connecting member. None of the prior art teaches or suggests a folding table with a transverse support and separate connecting member nor does the prior art teach any motivation for separating the transverse member of Glover.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
